Place: **Hess Log Home Supplies**
Shavers Creek Community Building
4849 Shavers Creek Rt. 305
Petersburg, PA 16669

Perma-Chink Systems along with Hess Log Home Supplies is pleased to announce a free informative seminar for people interested in applying products to their homes. We manufacture a family of environmentally conscious sealants, stains and preservatives, for log and wood homes that set the industry standard! The main purpose of this workshop is to educate and demonstrate.

Perma-Chink Systems has designed an informative program that will train the do-it-yourself homeowners and experienced applicators in all aspects of product application and log home maintenance, to assure a successful project and eliminate the costly occurrence of returning to fix problems that could have been prevented.

The cost for this valuable workshop is your time, which every year has proven that the hands-on experience gained is well worth the day's investment.

Seminar highlights will feature Tony Huddleston, Senior VP, East Region Operations Mgr & Sean Gahan, Senior Chemist and will include:

- Introduction of new products, including our newest exterior stain **Lifeline Ultra-2**, now available with a **5-year warranty**, and our **Lifeline Endure Deck Finish!**
- Proper application of log home stains, chinking and Energy Seal
- Discussion on how to clean, power wash and strip walls and decks
- Annual inspection & maintenance tips for your log home
- In-depth information on all Perma-Chink Systems, Inc. products
- Choosing stains and finishes for your home AND MORE!!!

Thank you for choosing **Perma-Chink Systems, Inc., The Log Home Care & Maintenance Authority!**
